Date: October 31, 2014

We are writing to thank everyone who supported and participated in the You@UIowa event on October 25th. The energy, enthusiasm, and commitment by CLAS were on display during all of the activities. The College can be proud of the ways in which you helped to both highlight the outstanding educational opportunities that we offer undergraduates throughout the state as well as the exciting research, scholarship, and creative activity that defines us as a Tier One institution. Approximately 1000 students with their families attended the open house. The responses of the parents and students were extremely positive, and we anticipate even more freshmen in our entering class of 2015 as a result of this event. You@UIowa was a resounding success owing to your efforts. Again, thank you so much.
